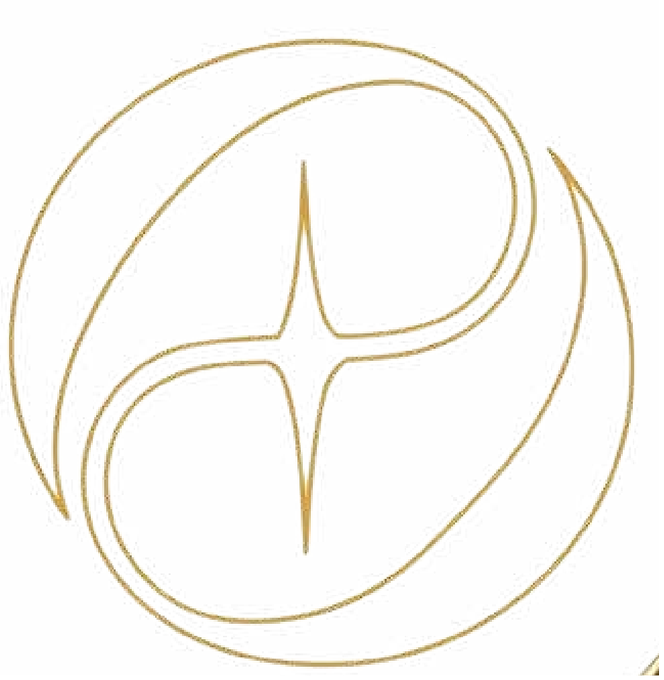
angkor

The logo name is inspired by Angkor Wat, an ancient Hindu temple known for its timeless beauty and intricate craftsmanship. While the inspiration comes from heritage, the typography is kept modern and elegant to reflect a contemporary jewellery brand.

The letter “O” is transformed into a modern necklace with a sparkling element, symbolizing jewellery, brilliance, and luxury. The gold tone further enhances the feeling of elegance and premium quality, creating a balance between ancient inspiration and modern design.



The letter “O” in the Angkor wordmark is redesigned as a modern necklace pendant, symbolizing elegance and fine jewellery. The design evolves from a simple outline to a refined metallic form, adding depth and luxury. The sparkle detail represents the brilliance of gemstones, expressing the brand’s modern yet timeless jewellery identity inspired by Angkor Wat
