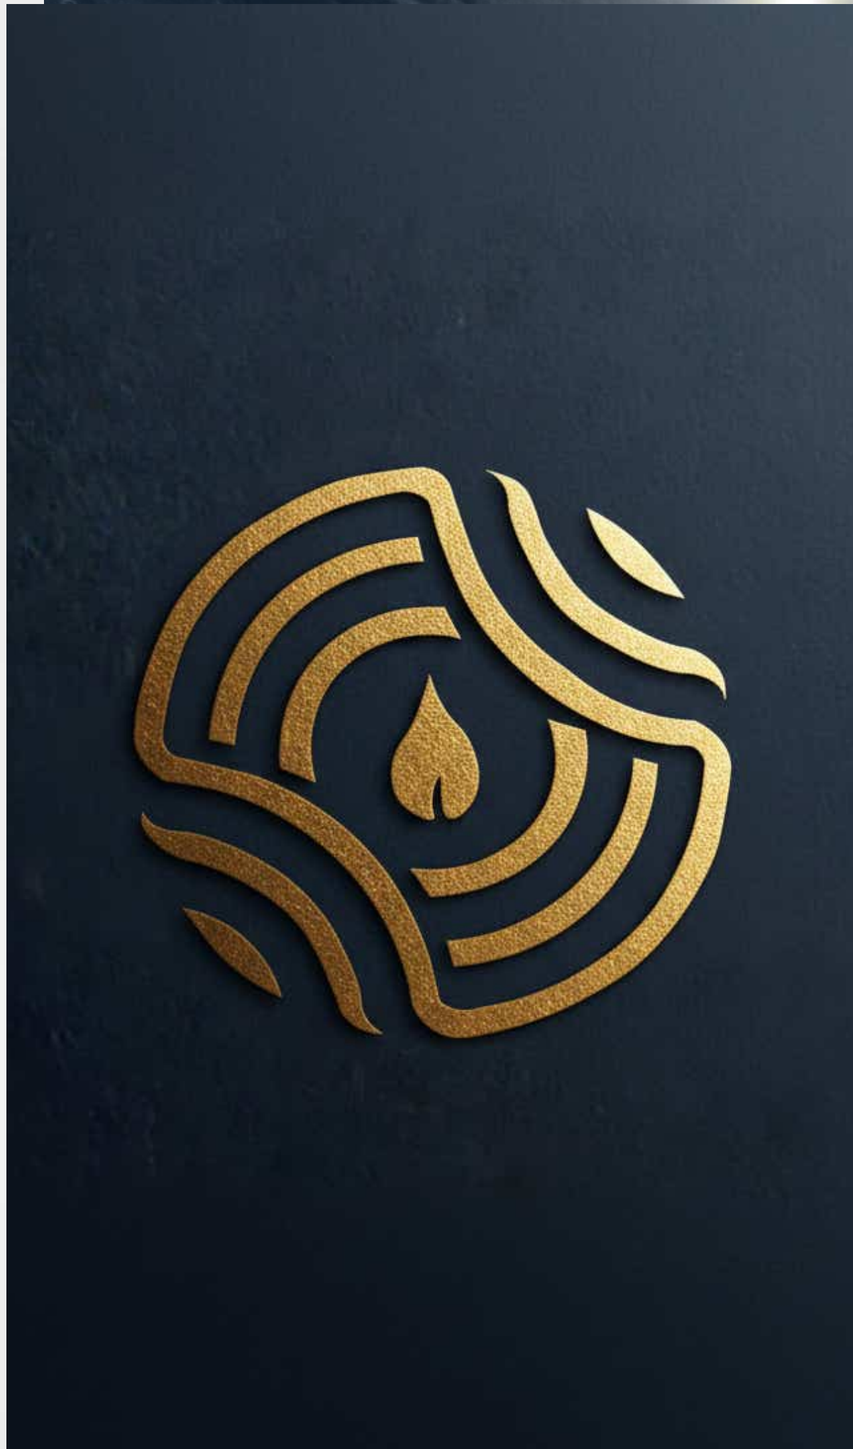
AURA

A gentle energy field around every person or space.
Represents peace, healing, spiritual connection & emotional wellbeing.



AURA is a modern Indian candle brand built around one belief — every space has an energy, and every person has an aura worth nurturing.

We create candles that do more than smell good. They transform mood, elevate spaces, and support emotional wellbeing.

LOGO

Inspired by the top view of a burning candle, the form is simplified into a circle to represent continuous energy, and then refined into an abstract symbol, creating a clean logo that represents power and energy through minimal design.

LIGHT YOUR AURA

BRAND PROMISE

“Light that heals.
Fragrance that transforms.”
