RIPE & HARVEST

RIPE & HARVEST

The Ripe & Harvest logo is built around a stylized leaf icon that represents agriculture, growth, and natural produce. The leaf shape forms the overall structure, symbolizing freshness, sustainability, and farm-to-market values.

Inside the leaf, abstract geometric lines create hidden letterforms:

- “R” integrated in the lower section
- “H” formed within the central structure
- Arrow element suggesting import/export, trade, and global distribution

These elements together communicate the company’s focus on agricultural production, harvesting, and supply chain movement.
